Canada Representative players:

United Rugby is looking to work with our Canada players and support one fundraiser a year (lead by those players). The players will receive a percentage of the profits from their fundraiser as agreed upon in advance with the United Executive.

Athlete (or guardian) must apply to the Executive by emailing president@unitedrugby.ca outlining their needs and potential ideas for fundraising. The Executive will then meet with that player to discuss how to support the player with the fundraiser and come to an agreement on what percentage of the profits from their fundraiser will be provided to the player. Players receiving this level of support will be asked to sign a commitment contract stating what they will do for their volunteer work in exchange for the financial support as well as a commitment to play for United Rugby for the following season.
